

ACC's Triumphant Return

Anne Carlsen Center students returned to the ACC campus on June 11, nearly three months after the threat of overland and river flooding forced an evacuation. The students were excited to see the home life areas and classrooms, and enjoyed the Center's adapted playground equipment during their first afternoon back on campus. Fifty-six children and young adults served by ACC had been living temporarily at sites throughout Jamestown including Zebedee Center, Heritage Centre-Ave Maria, Hi-Acres Manor and Jamestown Hospital.

Above — Jimmy and Marissa are first off the bus as students return to the ACC Jamestown Campus following an 80-day evacuation. Middle Right — Jacob plays with toys and gets reacquainted with his room. Right — Tieranny helps staff put away toys and clothes while watching Elmo, one of her favorite characters on television.
