

The water is perfect for Adam, and ACC Home Life Services Coordinator Kim McGarrah, who loved swimming in the lake.

Campers used assistive technology to create their own music and art compositions.

Swimming and splashing in the cool, refreshing water of Lake Isabel was one of the many highlights of this summer's Techno-Camp (June 28 – July 3). For many of these campers, it was their first-ever swim in a lake. Some even climbed aboard a Jet Ski!

TechnoCamp, the extraordinary camping experience sponsored by the Anne Carlsen Center, celebrated its seventh anniversary this year. ACC students ... and teens with disabilities from throughout North Dakota ... enjoyed making fun memories and lasting friendships at Elks Camp Grassick, located five miles south of Dawson, N.D. In addition to the dip in the lake, campers experienced a hayride, put their personality on display in a talent show, gobbled down camp fare, made S'mores and sang around the camp-

Tyler jokes with John Fetsch, one of the camp counselors at Elks Camp Grassick.

The sun sets on another amazing day at Elks Camp Grassick.

Taylor soaks up some summer sun before lunch at camp.

fire, and filled each day with exciting and memorable experiences. Campers also created their own music and art pieces, using assistive technology. They took digital photos, turning them into camp keepsakes and slideshows.

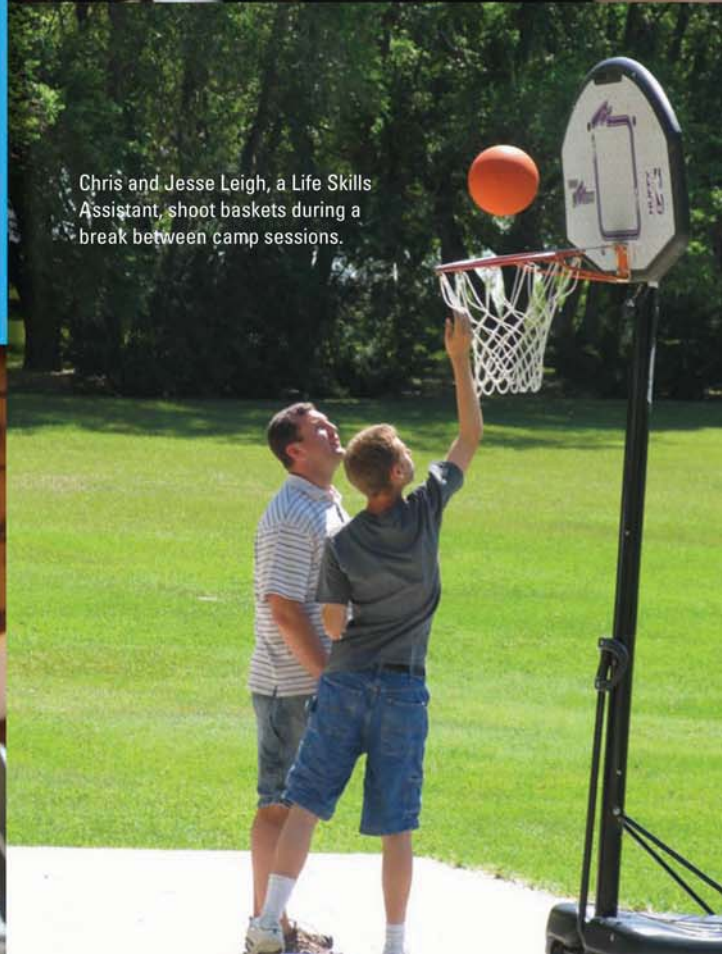

Each fun-filled day of TechnoCamp was made possible by the generosity of committed donors who believe every child should have the opportunity to savor all summer has to offer. Thank you for helping make these unforgettable adventures possible!
