

Given in Memory of ...

Gifts to the Anne Carlsen Center come in a variety of packages. One way you can make a difference in the lives of the children and young adults in our care is by making a memorial gift.

When you honor the life and memory of a loved one, your thoughtfulness enriches the lives of the individuals we serve.

Thank you for your commitment to helping our students become as independent as possible and enjoy a greater quality of life. Their smiles say it all ... your support is a special blessing.

Memorials gifted between
April 1, 2008 and June 30, 2008:

The Sounds of Success

Dear friends,

The fall school term is well underway here at the Anne Carlsen Center. The hallways and classrooms are once again buzzing with the activity and excitement of learning. The beginning of a new school year has given me the chance to practice a skill that I've been developing here—listening with my eyes.

Some of our students are non-verbal. There are a variety of developmental disabilities and conditions that can cause a delay in the development of speech. But that doesn't mean these students don't communicate! One only has to watch them closely to hear the joys of achieving, growing and gaining independence.

We see amazing things happening each day here at the Anne Carlsen Center, and you help make it all possible through your support. Thank you for your kindness and generosity.

As the seasons turn and the pace of life picks up around the holidays, remember to take time to listen to the young people around you. And don't forget to listen with your eyes.

Sincerely,

Dan Kunzman
ACC Foundation
Executive Director
