

Dear Friends,

The offices of the Foundation at the Anne Carlsen Center are in the far west end of the campus. It is a long walk to the front of the building where the administrative offices are located and many meetings are held. The distance doesn't bother me at all. This walk is often the highlight of my day. I wish that every supporter of the ACC could make that trip with me.

You would pass Jonas in the hall and try not to fall for his fake handshake gag. He "got" me several times in the first few weeks that I was here.

You'd see Jimmy on his way to class. He is the student body president and appreciates being addressed as Mr. President.

You might see Matt pedaling his bike down the hall with his therapist following closely behind. Matt is working hard and is very proud of his abilities!

If you wander by the therapy area, you just may see Ty learning to pilot his motorized chair through doors and up to tables.

You would be blessed to see Arianna's beautiful smile when she arrives to class in the morning.

I wish you could see all of the students as they learn, grow and succeed here at ACC. As each thrives, with the help of the loving and dedicated staff, they are proof that Dr. Anne Carlsen's spirit guides our efforts today.

Our supporters help ensure that Dr. Anne's important work continues, as we empower those with disabilities and their families. Thank you for being a friend to these remarkable individuals!

Sincerely,

Dan Kunzman
Foundation Executive Director

FOR THE CHILDREN

ACC raises 30k for summer camp at annual benefit golf tournament

Helped by 34, four-person teams and a host of time donated by volunteers, the Anne Carlsen Center raised just over \$30,000 through its 26th Annual Benefit Golf Tournament on June 7 at Jamestown Country Club.

Proceeds from the event will help send children with disabilities to summer camp. At Camp Grassick, near Dawson, ND, teens with a wide array of disabilities are given the chance to enjoy a variety of new adventures such as their first swim in a lake, hayrides, bonfires, talent shows, and of course, making new friends.

ACC resident Jacob Williams gets behind the wheel of a golf cart and takes a couple of tournament participants for a ride. Earlier in the day, Jacob handed out appreciation gifts to team captains.

ACC resident Natasha Esch lines up a drive at the Jamestown Country Club. Throughout the day, Natasha got instructions on how to sharpen her game.
