The Jamestown Police Department has a new dog to help them out. His name is Blaze and he is a black Labrador retriever. Even though he is a black dog, they named him Blaze because he is so quick. He is trained in helping to find evidence for the police department. He started working with the department on Monday, September 1.

Also in the community, Some students of the Jamestown High School Summer Choir Camp headed to New York to appear on the "Today" show. They also got to visit the Statue of Liberty and see the Broadway show, The Lion King.

The Jamestown Public Library has added some new books to their shelves. Go check them

### Weather

By Steven S.

We had some nice weather this summer, but now the fall season is starting soon.

Get ready for rain, wind and maybe a slight chill in the air. Fall makes the leaves change colors and a crisp smell in the air. I like fall.

You should always keep an umbrella in your car just in case too. Rain can happen at anytime so be prepared.

### **Nikki's Staff Pick of the Month**

By: Nicole B.

I had the privilege to interview one of our staff here at ACC. His name is Scott Hobert and he is one of my favorite people.

Scott has been at ACC for 3 years now. He started off working in the Summer Cottage and now works in Corby's classroom for the last 2 ½ years. He likes to help out with Camp Grassik every year.

Scott is also a twin. He likes being a twin "because he always had someone to hang out with and talk to". He loves watching sports like golf, baseball and football. His favorite football team is the Miami Dolphins. Sad I know. Scott likes the

Let's talk about gas prices!!

Who else thinks they're horrible! They need to stop raising our gas prices!

It is becoming harder and harder for families to afford gas. This makes it difficult for families to travel to visit each other. I wish they would go down and stay that way. Maybe one day, we won't have to rely on gas.

Some tips to help get

job as a recreation assistant.

Shanna is engaged to Mike L and is getting married soon. She is very excited and happy!

We welcome Shanna to ACC and hope she continues to do a great job!

Rich browns, deep reds and golds are the colors of the new fall season. If you don't like wearing a lot of make up, try a little lip-gloss for a natural look. My favorite color is "Berry Splash" It's made by Cover Girl and you can find it at your local Wal Mart stores.

Some new fall fragrances are out this year! Clinique has a new perfume called "Simply". You can buy a 1.7-ounce

color blue and listening to music. His favorite type of music is alternative rock. Scott used to be active in Cross Country events in Jr. High. Now he likes working out at the gym with Eileen.

When I asked Scott what he liked about working here at ACC, he said, "I really like watching the student's progress. It's amazing when they learn something new."

**Are you ready for some football?**

The Vikings are my favorite team. Their training camp was held July 27<sup>th</sup>-August 17<sup>th</sup> at the Minnesota State University. Their first game will be on Monday, September 8<sup>th</sup>. I am excited to watch it.

Regular football season starts September 4<sup>th</sup>, while pre-season started in August. I know the Vikings will win every game they play.

through your gas guzzling days are:

- Ride a bike or walk to work.
- Drive at or a little under the speed limit. By staying at or under the speed limit, your gas won't burn up as fast and it should last longer.
- Keep your windows closed when traveling at high speed.
